

## Summer Reading Program

Just like every year, we encourage you to practice Greek with your children as much as possible. An important factor in language learning is literacy and building vocabulary, and we wanted to offer you some resources for your children to practice their reading over the summer.

We will continue to provide activities and links on our website monthly and encourage you to visit with your children. It's also a good time to go back and review stories we have done in the past months. <https://www.stmarksgreekschool.org/> if it asks for password it is **yiasou**

Send pictures of your child's work with their name on it to [cfitopoulos@yahoo.com](mailto:cfitopoulos@yahoo.com) and we will add their work on our "Summer Art Gallery" section of the website.
